

Barcelona, October 5, 2025

Mr. Albert Castro has completed a 12-month internship at our company, from July 2024 to July 2025, working as a developer in WordPress and React environments.

During this time, Albert actively participated in the development, maintenance, and continuous improvement of corporate web projects, contributing to all phases of the development cycle. His main responsibilities included: developing features for client record management, implementing user registration systems for public awareness campaigns, and collaborating on access control and capacity management projects.

His contribution has been highly positive. We highlight his proactive attitude, quick learning ability, and efficiency, as well as his skill in collaborating with diverse teams and adapting to demanding environments. Albert has proven to be a committed professional who delivers tangible value in every project he participates in.

For the record, at the request of the interested party, I hereby sign this report and remain available for any references or additional information.
